PLAN OPTIONS

WE MAKE ADDING BENEFITS EASY TO FIT YOUR COMPANY'S BUDGET

Elite Benefit Plans are offered on a month-to-month basis, so there are no long-term commitments required by your company to offer our Benefits to your employees. And, we can custom tailor the services you want to offer to fit your budget. Elite Benefit Plans were developed to provide members with the protection they deserve and savings they desire for just pennies per day - a mere fraction of the cost of other comparable benefit plans.

COMPANY SPONSORED BENEFITS

Simply stated, your company offers the Benefit Plan of your choice and covers the minor expense. Just provide us with your employee list to begin, and we activate each employee's membership starting the beginning of the month. Once a month, you update your list with new employees and those that have left the company. We bill your company for active members once a month.

EMPLOYEE PAYROLL DEDUCTIONS

Again, your company offers the Benefit Plan of your choice and covers the cost by deducting the expense from the employee's paycheck. As before, you provide us with your employee list and we activate each employee's membership. Once a month, you update your list with new employees and those that have left the company. We bill your company monthly for active members once a month.

EMPLOYEE VOLUNTARY BENEFIT

Your company offers the option to select a Benefit Plan of the employee's choice and the employee covers the cost. The cost can be reimbursed by the company via payroll by adding the reimbursement amount to the employee paycheck. The employee will visit <https://yourelitebenefits.com> and use the Access Code: MAZY123. The employee will complete entering their information and payment method to complete their registration. The employee will receive an email with their plan information and cards for the benefits selected. The employee will submit a receipt to you for reimbursement.

YOURELITEBENEFITS.COM WEBSITE

Elite Benefits offers a website called YourEliteBenefits.com. Our site allows your company to direct your employees to register and use a credit card to pay for our wholesale-cost services. Plans start at only \$10 a month for Telemedicine, which is great for part-time employees or those people that can't afford to take advantage of insurance! **We offer 3 Plans priced at \$10 for 1 benefit, \$20 for 3 Benefits, and \$30 for all 6 Benefits (a \$200 monthly value). So your company gets the value of offering benefits to employees without the expense.**
